

John R. Albers, Ph. D.Email: john.albers@noaa.gov

National Oceanic and Atmospheric Administration
Physical Sciences Laboratory
Boulder, CO USA

Education

Ph.D. – Atmospheric Science, University of California-Davis, September 2012
B.S. – Atmospheric Science, University of Wisconsin-Madison, January 2005
B.S. – Applied Mathematics, University of Wisconsin-Madison, January 2005

Appointments

May 2023-present Research Physical Scientist, National Oceanic and Atmospheric Administration (NOAA), Physical Sciences Laboratory, Boulder, Colorado

May 2022-April 2023 Research Scientist III, Cooperative Institute for Research in the Environmental Sciences (CIRES), University of Colorado – Boulder

April. 2018-April 2022 Research Scientist II, Cooperative Institute for Research in the Environmental Sciences (CIRES), University of Colorado – Boulder

Jan. 2016-April 2018 Research Scientist I, Cooperative Institute for Research in the Environmental Sciences (CIRES), University of Colorado – Boulder

Jan. 2014-Dec. 2015 National Science Foundation Atmospheric and Geospace Science Postdoctoral Fellow, Cooperative Institute for Research in the Environmental Sciences (CIRES), University of Colorado – Boulder

Oct. 2013-Dec. 2013 Postdoctoral research associate, Cooperative Institute for Research in the Environmental Sciences (CIRES), University of Colorado – Boulder (Supervisors: Drs. Judith Perlwitz and George Kiladis)

Jan. 2013-Sept. 2013 Postdoctoral research fellow, Colorado State University Department of Atmospheric Science (Supervisor: Prof. Thomas Birner)

Fall 2005-Aug. 2012 Graduate student researcher, University of California-Davis Department of Land, Air, Water Resources - Atmospheric Science Program (Advisor: Prof. Terrence R. Nathan)

Fall 2004 Student researcher (focus: nonlinear dynamics), University of California-Davis Center for Computational Sciences (Advisor: Prof. James P. Crutchfield)

Summer 2003 National Science Foundation research experiences for undergraduates, Santa Fe Institute (Advisor: Prof. James P. Crutchfield)

External activities

2018-present **Scientific mentor** – CIRES-CU Boulder (NSF sponsored) Research Experiences for Community College Students summer internship program

Oct. 2017 **Invited lecturer** (2 weeks) – Advanced School on Tropical-Extratropical Interactions on Intra-Seasonal Time Scales, International Centre for Theoretical Physics, Trieste, Italy

Nov. 2017-present **Associate editor** – American Meteorological Society *Monthly Weather Review*

Grants, Fellowships, and Awards

September 2023-present National Oceanic and Atmospheric Administration (NOAA) Weather Program Office Grant (Award #: NOAA-OAR-WPO-2022-2006969): *Characterizing the impact of UFS model error and bias on S2S CONUS forecast skill using a hybrid UFS-machine learning approach*

Dec. 2018-May 2023 National Science Foundation Atmospheric and Geospace Sciences Grant (NSF Award # 1756958): *The influence of climate variability and change on stratospheric intrusions of ozone over North America*

Jan. 2017 Bulletin of the American Meteorological Society Editor's Award

Jan. 2014-Dec. 2015 National Science Foundation Atmospheric and Geospace Sciences Postdoctoral Fellowship. Project title: *A Hierarchical Modeling Approach to Quantifying the Effects of Changes in Ozone and Solar Variability on the Brewer-Dobson Circulation and Tropospheric Climate.*

Summer 2011	Best graduate student presentation award – 18 th American Meteorological Society Conference on Atmospheric and Oceanic Fluid Dynamics in Spokane, WA
Spring 2010	University of California-Davis Henry A. Jastro Graduate Research Scholarship

Recent Conference Presentations (covers last year)

January 2021	American Meteorological Society Conference Annual Meeting , virtual (talk) – “Subseasonal Predictability of the North Atlantic Oscillation”
April 2021	European Geophysical Union Annual Conference , virtual, (talk) – “Subseasonal prediction of springtime Pacific-North American transport using upper-level wind forecasts”
June 2021	Ludwig Maximilian University of Munich , virtual (invited talk) – “Linear inverse modeling: A framework for subseasonal forecasting and the diagnosis of physical sources of forecast skill”
July 2021	WMO World Climate Research Programme Subseasonal-to-seasonal Webinar , virtual (invited talk) – “Subseasonal forecasting and the diagnosis of physical sources of forecast skill”
October 2021	NOAA NCEP Climate Diagnostics and Prediction Workshop , virtual, (talk) – “Was the February 2021 cold air outbreak over the central U.S. a subseasonal forecast of opportunity?”
December 2021	American Geophysical Union Annual Conference , virtual, (talk) – “Was the February 2021 cold air outbreak over the central U.S. a subseasonal forecast of opportunity?”
